

SOLVAREN CIP 50 HD

DESCRIPTION	SOLVAREN CIP 50 HD is a low foaming, strong alkaline formulation for washing for professional use in all food processing plants.
COMPOSITION	Sodium hydroxide, surfactants, complexing substances, corrosion inhibitors
TECHNICAL REQUIREMENTS	<p>Appearance clear, the acceptable opalescence, with an odor characteristic of the raw materials used without mechanical impurities</p> <p>Colouryellow</p> <p>pH 1% solution.....min. 12,5</p> <p>Density in 20°C, g/cm³1,400 - 1,500</p>
GENERAL DATA	Alkalinity as NaOH, %.....min. 42,6
APPLICATION	The formulation is dedicated for washing of thermal process installations, in particular surfaces covered with: tar, carbon deposit, sinters, carbonized or burnt matter, and of closed circuits in contact with animal feed and food. It may be used for injector washing and degreasing of smoking chambers, baking ovens and convection steam ovens.
