

ROKO® PROFESSIONAL UNITER SANDAL WOOD

DESCRIPTION

Uniter Sandal Wood is a professional liquid for cleaning and care of water-resistant surfaces. Contains terpenes - natural citrus essential oils with excellent cleansing properties. It dries quickly and leaves no streaks. Easily dissolves fat thanks to the combination of alcohol and essential oils. Systematic use of the preparation facilitates the removal of impurities. Leaves a pleasant scent of sandalwood.

COMPOSITION

anionic surfactants, nonionic surfactants, preservative, fragrance

TECHNICAL REQUIREMENTS

Appearancetransparent or opalescent liquid

pH6.5 ± 1.0

Density at 20°C, g / cm³0.990 ± 0.020

APPLICATION

Usage: Dilute the concentrate according to the method of cleaning and the degree of contamination. Always use cold water. Clean the surface with the prepared solution with a mop. In order to remove stubborn dirt, wash with undiluted liquid applied to a sponge or cloth. Rinse the surface with drinking water after use.

40 ml / 10 L of water

Recommendations: Suitable for cleaning, for example, protected wooden surfaces, plastic floors, window frames, tiles. Removes pencil, marker and pen marks.

For professional use only!
